

# Smile Starter

We have exciting news regarding our new integrated care initiative, Smile Starter.

Effective January 1, 2023, a new initiative, Smile Starter, has been introduced to promote both the oral and overall health of our youngest members. Primary care physicians (PCPs) are currently reimbursed for the application of topical fluoride varnish on our members' teeth. PCPs will also be offered incentive payments if they encourage members' caregivers to establish dental homes for our members according to AAP, ADA, and AAPD recommendations (at the eruption of the first tooth and no later than the first birthday), resulting in dental visits.

AmeriHealth Caritas Pennsylvania will provide incentives to our PCPs if our youngest members (ages 0 – 3 years) receive their very first dental visits within 60 days of receiving topical fluoride varnish applications at our PCPs' offices.

Dental visits will be traced back to fluoride applications at PCP offices, and payments will be made quarterly.

Member age cohorts will be stratified as follows:

- Under 1 year old
- 1 year old to under 4 years old

Incentive payments will be greater for each cohort if a member visits the dentist for the first time within 30 days of fluoride varnish application at the PCP's office.

## Payouts will be as follows:

Age	Days between fluoride varnish and first dental visit	Incentive payment
Under 1 year old	30 or less	\$200
Under 1 year old	31 – 60	\$100
1 – under 4 years old	30 or less	\$50
1 – under 4 years old	31 – 60	\$25

Age calculations will be determined at the time of the topical fluoride varnish application at the PCP's office, and incentive payments will be processed accordingly. Incentive payments will follow the following schedule:

Dental visit date	Incentive payment date
Quarter 1 2023	Quarter 3 2023
Quarter 2 2023	Quarter 4 2023
Quarter 3 2023	Quarter 1 2024
Quarter 4 2023	Quarter 2 2024
