

ADHD Telephonic Services

As a reminder, Practitioners that have provided any of the qualified services listed below for eligible AmeriHealth Caritas Pennsylvania and AmeriHealth Caritas Northeast members should submit a claim for HEDIS® reporting purposes. Current HEDIS guidelines require the first follow-up visit during the 30-day initiation phase to be face-to-face or telehealth. The guidelines also require two follow-up visits within nine months after the initiation visit. Both visits can be performed via telehealth as well.
