

To: AmeriHealth Caritas Pennsylvania (PA) OB/GYN Providers

Date: September 12, 2022

Reminder: requirement to utilize in-network laboratory service providers

As outlined in the provider manual, AmeriHealth Caritas PA has selected Quest Diagnostics, Inc. as our preferred in-network independent lab provider, however you may utilize any plan participating in-network hospital outpatient laboratory or Quest for lab testing services.

Pre-natal testing that is available through Quest or other in-network hospital outpatient laboratories but sent to a non-participating lab provider will not be authorized and the claim will be denied.

If you have any questions regarding this notice, please contact your Provider Account Executive, or Provider Services at 1-800-521-6007.
