

AmeriHealth Caritas Pennsylvania's **Bright Start[®]** **Maternity Program**

AmeriHealth Caritas Pennsylvania's Bright Start maternity program is comprised of a team of associates who are dedicated to ensuring members receive early and regular prenatal care that will result in healthy birth outcomes.

Program components

Care Managers

RNs who telephonically support members through every step of their pregnancy by:

- Connecting member to maternity care specialists.
- Identifying and controlling risk factors.
- Encouraging healthy prenatal behavior.
- Coordinating access to resources, such as behavioral health services, dental screenings, and federal or local support programs.

Care Connectors

- Support the nursing team.
- Provide assistance with making and keeping appointments.
- Facilitate access to transportation for prenatal appointments.
- Complete social determinants of health (SDOH) assessments and referrals.

Community Health Navigators

Health Navigators are health coordinators who work closely with our Bright Start Maternity team. They live and work within the community and meet our **pregnant** and **postpartum** members "where they are."

Community Health Navigators can:

- Assess the home environment.
- Complete social determinants of health (SDOH) assessments and referrals.
- Connect members to community resources.
- Provide women's health education.
- Assist with prenatal and postpartum appointment scheduling.
- Assist with transportation coordination.

Behavioral health/substance use disorder (SUD)

- Integrated Care Plan (ICP) for pregnant members with serious persistent mental illness.
- Healthy Homes for moms with SUD to establish highly coordinated care.

Community baby showers

- An opportunity to provide information for new moms, perform health screenings, and provide prenatal and postnatal education.

Community partnerships

- Partner with multiple community-based organizations (CBOs) that provide home visiting programs, beginning in the prenatal period.

Durable medical equipment/Pharmacy

- Blood pressure monitor
- Breast pump
- Compression stockings
- Maternity belt

Food program

- MANNA: "food as medicine" program for pregnant members with Type 1, Type 2, or gestational diabetes.

Moms 2B program

- Cell phone program to keep moderate to high-risk pregnant members connected and compliant with prenatal care plans.

Postpartum visit coordination

- Plan staff will ensure the postpartum visit is scheduled in either the provider's office or the member's home.
- Offers additional virtual opportunity to complete the postpartum visit.
