AmeriHealth Caritas Pennsylvania and AmeriHealth Caritas Northeast
Specifications for Gaps In Care

**Annual Dental Visit**
(ADV)

- The purpose of this measure is to identify and track members who are due for an Annual Dental Visit (ADV)

| Which Members are Included? (Denominator) | - Members age 2 thru 21 with active coverage with the insurance plan as of the last day of the reporting period
|                                          | - Members eligible for the Dental Drug benefit during the reporting period |

| What Provider Data is Included? (Numerator) | - Members with at least one dental visit with a dental practitioner during the reporting period. |

| Provider Communication Tools (How providers receive the information) | Claims data is evaluated on a monthly basis for all members. In the event that there is no claim for this specific service, the system generates an automatic notice of care gap. Care Gap status notification is provided by and accessible through NaviNet via:
|                                                                      | • Member Eligibility “pop-up” alerts
|                                                                      | • Care Gap Query Reports
|                                                                      | • Member Clinical Summary Reports
|                                                                      | • Monthly NaviNet report updates reflect Gaps In Care for PCP practice panel membership.
|                                                                      | • Panel membership results include indicators for this Gaps In Care measure as “Missing”, “Up-to-date” or “Overdue.” |
