AmeriHealth Caritas Pennsylvania and AmeriHealth Caritas Northeast
Corporate Specifications for Gaps in Care

**EPSDT-Developmental Screening**

- The purpose of this measure is to identify and track members who are due for a Developmental Screening.

| Which Members are Included? (Denominator) | • Members with active coverage with the insurance plan as of the last day of the reporting period
|                                           | • Members who are turning 11 months 30 days prior to the last day of the reporting period through 36 months as of the last day of the measurement period
|                                           | Due soon: 30 days prior to threshold
|                                           | Overdue: For 11 and 18 months - until the next threshold, for 30 months - through 36 months
|                                           | Removed from denominator at 36 months and one day

| What Provider Data is Included? (Numerator) | • **For 11 Months:** At least one (1) developmental screening performed by a PCP practitioner between 11 months & 12 months of age
|                                           | • **For 18 Months:** At least one (1) developmental screening performed by a PCP practitioner between 18 months & 19 months of age
|                                           | • **For 30 Months:** At least one (1) developmental screening performed by a PCP practitioner between 30 months & 31 months of age

| Provider Communication Tools (How providers receive the information) | Claims data is evaluated on a monthly basis for all members. In the event that there is no claim for this specific service, the system generates an automatic notice of care gap. Care Gap status notification is provided by and accessible through NaviNet via:
|                                                                      | • Member Eligibility “pop-up” alerts
|                                                                      | • Care Gap Query Reports
|                                                                      | • Member Clinical Summary Reports
|                                                                      | • Monthly NaviNet report updates reflect Gaps In Care for PCP practice panel membership.
|                                                                      | • Panel membership results include indicators for this Gaps In Care measure as “Missing”, “Due Soon”, “Up-to-date” or “Overdue.”
